

## **EXHIBIT B**

Joint Property Inspection  
1405 North Olive Way, Meridian, ID

Date: 10/19/2023

Representing Tenant: Mac Jones

Representing Landlord: Dan Temkin

The following deferred maintenance items were noted:

Warehouse

- 25 overhead doors – bottom panels damaged
- Task lights were removed at all loading positions
- Overhead door at loading position 24 is off its track
- Metal siding damage above headers at loading positions 4, 6 and 8
- Pressure wash all overhead doors

Office

- South dispatch office - recessed light fixture not properly seated and ceiling tile damaged
- General office area – VCT flooring is damaged and stained in numerous locations
- Ceiling tiles in numerous locations throughout office are damaged from roof leaks

Yard/Exterior

- Perform asphalt crack sealing throughout the yard area as needed
- Grass needs to be mowed
- Weeds need to be cleared in unimproved portion of property
- Some pole-mounted yard lights reportedly not working (unable to verify during daylight hours)
- Underground water leak observed southeast of fuel island building (water bubbling to surface)
- Hazardous materials in and around fuel island building need to be disposed of
- All debris to be removed from property
